

EDUCATION

Degree	Specialization	Institute	Year	CPI
B.Tech	<i>Electronics and Communication</i>	VITB	2021–Present	8.0
HSC	<i>Physics, Chemistry, and Mathematics</i>	Sri Chaitanya College	2021	876/1000
SSC	-	Saint Francis School	2019	8.7/10

INTERNSHIP EXPERIENCE

- **Software Engineering Intern, Sentiimenta AI** Jun–Jul 2024
 - Engineered a Teaching Assistant Web App for automated doubt resolution using HTML, CSS, JavaScript, PHP, and MySQL on XAMPP.
 - Built an NLP-powered chatbot to handle academic queries, integrated with structured SQL-based storage.
 - Enabled real-time tutor interaction with dynamic response logic to elevate student engagement.

PROJECTS

- **Splitr – Group Expense Sharing App** [\[Live\]](#) May 2025
 - Developed a full-stack expense tracker using Next.js, React, Tailwind CSS, Clerk, and Convex.
 - Supported real-time tracking, secure authentication, and responsive UI design.
 - Deployed on Vercel with secure environment configurations and automated deployment.
- **HR Personality Test App – AI-powered Screening Tool** [\[Live\]](#) Jun 2025
 - Developed an AI-driven HR tool using Streamlit to predict personality traits from behavioral questions.
 - Integrated Supabase for attempt tracking and Gmail App Passwords for automated result emails.
 - Deployed on Streamlit Cloud using Kaggle-sourced dataset for data-backed insights.
- **Lung Cancer Diagnostics Dashboard** [\[Live\]](#) Feb 2025
 - Created a Power BI dashboard to diagnose lung cancer using clinical and imaging data.
 - Conducted thorough data cleaning and transformation for accurate analytics.
 - Visualized treatment response, risk indicators, and survival outcomes using AI insights.
- **Virtual Assistant – AI Chatbot with Gemini API** [\[Live\]](#) Nov 2024
 - Designed a React-based AI Assistant powered by Gemini API with both voice and text capabilities.
 - Implemented real-time interactions and UI customization using Vite and Netlify.

EXTRA-CURRICULAR ACTIVITIES

- Runner-up among 10+ teams in the Inter-College Badminton Doubles Tournament.
- Third Prize in Telugu Elocution from 100+ participants during Annual Day Celebration.

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript, React.js
- **Backend:** FastAPI, Node.js, REST APIs
- **AI/ML:** NLP, Predictive Modeling, Model Training
- **Databases:** MySQL, MongoDB
- **Tools:** TensorFlow, Keras, Scikit-Learn, OpenAI API, Postman, Power BI
- **Languages:** Python, SQL
- **Deployment:** AWS, Vercel, Netlify, Streamlit Cloud

CERTIFICATIONS

- **SQL Fundamentals** – Certified by HackerRank
- **AWS Cloud Fundamentals** – Self-paced via YouTube and Online Platforms
